“ *To Helen & Carlotta: I am just learning of the death of your brother. Life is a journey of sweetness and sorrow and I can't imagine how you must feel at such a loss. Please know that my prayers are with you both as you go through this time of sadness.*

“ *Looking back over the years that we worked together and came together as co-workers, it was time well spent. There were good times, bad times, and funny times, but through it all we remain friends. God knows when it's time to give us rest, and now you are resting. I thanks God for the time that He gave all of us to get to know you. There was no one like you. You will always be in our hearts and thoughts. May the family find comfort in knowing that God is present to walk with you through this difficult time of loss.*

“ We were just reminiscing as we looked through the old GPO phone books Friday, July 8th and Al's name came up. We were speaking fondly about his superior memory of the OPM regulations and how he could quote the regulation and the authority on any personnel action, even if you ran into him at the Safeway. He was our resident personnel encyclopedia. If Dabney told you, it was right!

*I am so sorry to find out of his passing and I definitely would have been in attendance at his service.*

*Please accept my deepest sympathy!*
