“As my Aunt stated to me, "We have lost a great man." I concur with her 100%. What I admired about Uncle June the most was his love of his family and how hard he worked. If Uncle June was not working, you knew he was not feeling well. As a child, I use to look forward to him and the family coming to N.C. I always would think, what type of sharp ride will my Uncle be driving this time? He loved nice things and I always said to myself, when I get grown, I wanted to have nice things too just like Uncle June. He would also tell me how proud he was of me. I remember when Gwen got married, he took me around before the wedding and introduced my as his nephew, the college Professor. He proceeded to tell me he did not have the opportunities me and his children had but he was proud to see us take advantage of the opportunities granted to us and that is why he worked so hard to provide for his family. We also had a lot in commend because I am a licensed meat cutter and by him working for many years at Safeway, we had great conversations about how sharp he would keep the Produce section while working. In my mind, I can still see the smile on his face! I will miss sitting under the shade tree at my parents house in N.C. talking with him and my father. He told me a lot of things about my father when he was young that I never knew. He will forever live in my heart! My favorite Uncle is not gone. He has made the ultimate transition into eternal life. This is something we all must do one day! This gives me great solace in knowing we will meet again somewhere around the throne of God! Uncle June, job well done for being a perfect example of the ultimate family man!

“ My uncle June was up in age but young in heart, very young with style/appearance and actions. There are lots to remember and say about and of him. He made something known to me a little over a year ago, his words were "you are like me when upset and the best thing for anybody to do is to leave me alone, I have to be to myself to calm down". It was obviously meant and good for Uncle June and myself to learn this about each other. I received a gift from Uncle June 2 days later after he shared those words with me, all who know Uncle June know that it was a gift that warmed my soul/body and was very comforting to the mind/heart. Aunt Gladys you are a woman of strength, my prayers are with you, your daughters, and grandchildren.

“Some people come into our lives and quickly go. Some stay for a while, leave footprints on our hearts, and we are never, ever the same.” Author ~Flavia Weedn; Uncle “June” thanks for welcoming me into the family and reminding me the role of being a FATHER and not just a baby daddy. I have learned in life that some men preach a good life with words of no substances but others put their convictions to actions with every breath taken. Thanks, for keeping REAL... “BRO-MAE-TORIAN-TAVION”- THE-HILLS-MUCH LOVE AND PRAYERS TO: AUNT Gladys & THE FAMILY-

“ I'm so sorry for your loss and would like to offer my condolences to your family. Death is such a terrible thing for a family to go through, I actually lost my mom about 3yrs ago. I'm truly grateful that I have the truth about death and look forward to the future when there will be a resurrection of both the righteous and the unrighteous.”— ACTS 24:15. I'm sure you would love to see your dead loved one again in the coming Paradise here on earth! Again so sorry for your loss!!
