“ *I am deeply saddened to heard of Carole's passing. We worked together in the late 80's in DC. She was very kind and a true professional. I know she will be missed.##imported-begin##Libby Myers##imported-end##*

“ *Me-Ma,*

The last time I saw you we fussed and laughed cuz you didn't have Mica's phone number with you. I told you I would get it next time I saw you and took for granted that it would be soon. Here is is a little over 2 months later and the Lord has called you home. I know in my heart that you will always me with me and every once in a while I am sure that I will hear you fussin' at me about something crazy that I have done. You are with Him now and the pain that you had is no longer there. I will miss you.##imported-begin##Valeria Lynne Day##imported-end##

“ To Jamica and the rest of Carole's family:

I was saddened to learn from my son, Xavier Brown that your grandmother had died. Carole and I often talked at the Silver Spring Giant. She was such a dignified and lovely person to be around. She truly cherished you and the other grandchildren. You brought so much joy to your grandmother. She was so proud of your achievements at SWW and at A&T. She had so much confidence in you and love for you, as well as for your siblings. Since I know that she poured her heart into you, you will keep on moving forward with your studies and your life. That's what she would want you to do...keep moving forward. I will keep in touch with you through my son. May God bring you and your family comfort during these sad days.
