“ *I cherish my Memories of Ms. Daniel as she was my favorite teacher at Wilson High School in the early 80's. She inspired a love of science as it was tangible and real world. She had grace, style and a great sense of humor. I wish I had the chance to go back and take more classes from her as she was one of the few teachers that I felt was really gifted all the way around. Thank you Carole for inspiring and believing in your students even the ones that didn't invest all of themselves into the H.S. experience~ like myself. You still made a difference! Peace and love to the family! Thank you for sharing her with us.*
