“ Ozell you and your family are in our prayers. I know how it is to lose a parent and want you to know that remembering all the good moments you shared with your parent is a very consoling thing to do at this time. Try not to dwell on the what ifs and the thoughts of her not being with you to see and share in your future. Know that she will be there with you in spirit and take comfort in that fact, as well as the fact that she gave life to you to carry on.

“ Ozell,

*Dennis and I offer you our deepest sympathy on the passing of your mother. I met her once, but I could feel that you and she were more than mother and daughter, you were friends. You're always going to miss her but you've got a lot of good memories. Death is a road we all must travel and it didn't become real to me until my father died. Much Love, Dennis and Rose###imported-begin##Rose E Rich###imported-end##*
