“ Daniel, Taundra and Teresa,

Your mother was a wonderful person. I wish so much that I could be there to pay my last respects to her. I will always be grateful for all she did for me and my son. She was a wonderful babysitter to him the first three years of his life. She was one of the original members of our ladies nights and I will never forget her. I wish to send my deepest condolences out to you all and your family. Just know that she is in a much better place than us now and she is at peace. Jordan and I will never forget her. May god bless you all during your time of sorrow.

We love you all!

“ To my brother Daniel,
We have known each other forever and I knew back in elementary school that we would be friends for a long time. I am so sorry for your loss and I will pray for you as you deal with your mother's transition. You have been the man of the house for years and you have what it takes to help Taundra and Teresa become all that your mom wanted them to be. It is important to grieve now, but just know that others are grieving with you. I have taken this as if it were my own mother and I want to remind you that I am here and I promise to be a post for you and your sisters to lean on in these difficult times. This isn't a time to be strong, this is a time to allow the Lord to be strong for you. He will be all that you need while you mourn. God has been gracious enough to give you a beautiful wife and daughter and a growing son to be your immediate support. You are well insulated with love and you will make it through this.##imported-begin##Kent, Rachel, and Gabriel Ballard##imported-end##

“ Leslie, I'm so sorry to hear about Clementine. My heart and prayers go out to you and your family. Although Clementine may not be here with you in body she will always be with you in spirit. We know God makes no mistakes and he knows your pain but in all your pain think about the joy and the love you and family had with her so I hope these words can bring some encouragement to you.

I'M THERE INSIDE YOUR HEART

Right now I'm in a different place, And though we seem apart, I'm closer than I ever was ... I'm there inside your heart. I'm with you when you greet each day And while the sun shines bright, I'm there to share the sunsets, too ... I'm with you every night. I'm with you when the times are good To share a laugh or two, And if a tear should start to fall ... I'll still be there for you. And when that day arrives That we no longer are apart, I'll smile and hold you close to me ... Forever in my heart.##imported-begin##Jackie Chase##imported-end##
