“ I worked with Damon as a young buck at FPS NCR between 1997 and 1999. Damon was a great dude and a fine officer. He was always upbeat and that smile was captivating. Damon, I will miss you old friend! Here's to healing for the family of a great public servant and even greater man!

“ My name is David Norman and I began working with Damon at the Federal Protective Service in 1997. We both left FPS and transferred to the U.S. Mint around the same time. Eventually, I was promoted to the rank of Sergeant and had the pleasure to be his supervisor. Damon had one of the most respectful and sincere demeanors of any man that I have ever met. His level of intellectual conversation was second to none. I offer my condolences to his family and pray that God be with them during their time of bereavement.

“ My name is Dwight Van Tassell and for more than 20 years I worked with Damon while at the US Mint in DC. For many of those years we worked together on the same shift and other years apart. I did not get to know him as well as I could have, but none of us had much interaction after work with one another. I know he was a respectful, dedicated and decent hard working family man who did his job and never had a bad word for anyone. I retired about a year ago and I was saddened to hear of his illness and passing. I wish to send my condolences and blessings to the family and wish them strength and GODS love through these times.
