“ *My dear family, I will miss Aunt Friz also. I wish I could have gotten a chance to say good bye and to tell her how wonderful she was to me as an aunt. I enjoyed spending my summers with the family when I was little and being Aunt Friz's shadow. I learned how to sew because of her; although, I never mastered her technique of sewing without a pattern. She was an excellent example of what a Christian woman should be like. We no longer have her here with us, but take comfort in knowing that she is with her Lord and Savior, Jesus Christ.*

Love to you all.

“ *To The Williams Family. I met Deaconess Williams some years ago through her son June Williams. I remember her smile, kindness and her Sweet Potato Pie. Though she will be missed on this earthly plane I know that she is with the LORD. All pain and suffering is gone and in heaven she is of good health and vigor. Let the LORD and the love of family and friends be your strength during this sad time.*

“ We, the family of Dr. JoAnn Robin-Moon would like to express our deepest sympathy to the Williams Family during this time of grief. The word of God tells us that, "He will never leave you comfortless", he also said I must go so the comforter can come. He will be what any of you need him to be. "Trust in the Lord, with all thine heart, and lean not to thine on understanding, in all thy ways acknowledge him, and he will direct your path. Be encouraged all ways.

“ Dear great great ,
I will truly miss you, your smile, your hugs, and you calling me ma ma. Ever since you past away I've not been the same. I just can't believe that your gone. Not a day goes by with out me thinking about you or staring at the pictures I took of you in the hospital. I remember when you were at grannys house and you were dancing to the music on the radio while me you and granny was in the bathroom together. Im going to miss those days when I use to come to your house and your face would brighten up every single time you saw me. And I will most defiantly miss your kisses. The last day we saw you, you gave me the biggest kiss ever and I would've never knowned that the very next day that would be the last kiss I ever got from you. R.I.P great great I will love you forever and ever<3

“ Words cannot express our feelings at this time, but we know a God whom we have an intimate relationship, who will not leave us comfortless. He left these word with us a long time ago, "I must leave so the comforter can come." He knew that there world be days that are hearts would hurt for a loss such as this. Aunt Frizell will truly be missed, her spirit was beautiful at all times, willing to give a helping hand, smiling when ever you stopped by and in the kitchen cooking you some food! You never left Friz'z house without eating. We will miss our conversation, though they were few in the last few years but rewarding just the same. Blessings to the children left to carry on her legacy. With our deepest sympathy,

“ Grandma I was just with you a couple of weeks ago sitting in your room talking with you. I should have thanked you for teaching me how to bake sweet potato pies and cooking a perfect pot of rice without a measuring cup. I should have thanked you for all of your encouraging words that gave me the strength to go on during trying times. I will miss your smile and the way your eyes would light up when I entered the room making me feel like I was the most important person in your life. Any woman that came into contact with you wished they had your style. No one could wear a suite and hat like you. I thank God for blessing me with your love and kindness. Little Nellie and I will truly miss you.
