“ Donna truly did light up a room when she entered the space with her energy and smile. It was truly a great vibe just being around her. We typically would walk into 1RW early mornings and when we worked in a shared space. She would share family memories with me. Because of her, I know incorporate black beans into my brownies that my family already loved. This took them to another level. Thank you, Donna, for all you have done, and I know your legacy lives on with all those you have connected with in one way or another.

“ I worked with Donna at Weight Watchers. She was always helpful to the members, friendly and exuded love for the people and for what she was doing. She was always patient and kind. Although we are both Weight Watchers we bonded over Spence's potato chips. May Donna rest in eternal peace. May her family be comforted by the memories they share. God bless.

“ I would like to express my deepest sympathies to Donna Powell-Whitlocks family. I had an extensive working relationship with Donna at ChristianaCare and she was such a joy to work with. I also joined Donna outside of work in the Diabetes program and we leaned on each other for support. I remember all the laughs around her RV life, her dogs, her children and how she really wanted a pool. I will miss you Donna but I know you are smiling down on everyone. Miss you my friend.

“ Donna always entered a room like she was fresh out of breath from a marathon because she was always zippin' about! Her sauciness and zest for life was contagious and she NEVER told a story halfway. She used every facial and verbal expression in the book to let you know exactly what happened and how she felt about it. She also had a huge heart and an absolute love for Costco. She wasn't just my coworker-Donna was my friend. I shared my bits and broken pieces of life and she shared hers too, and if there was a thing she could do to help, she'd do it driving in her old van that had everything but a kitchen sink!

My heart breaks for all of us who will no longer bask in her light, but to her children I will say one thing I know for sure: You. Were. So. Loved. Your mother loved you with all of her heart and soul and couldn't be prouder of you. Be at peace and know that she will truly always be with you.

Wishing you peace, sending you love,
