“ *To the Family of Dr. Helen R. Walters:*

I first met Helen in 1983 when she was a doctoral student and I was a new hire at the Howard University School of Social Work. We became good buddies and talked regularly by telephone for many years. She loved her family unconditionally, especially Mom. She was passionate about her education and her social work practice. She never hesitated to lend her outspoken voice to worthy causes. She truly loved home -- "St. Thomas" -- and always talked about returning to work on some of the Island's major social problems.

I will continue to focus on her good times -- the sound of her infectious laugh -- the aromas of the fabulous perfumes she so loved.

Fare thee well Helen, fare thee well.

My deepest sympathy to the family -- I am keeping you in my thoughts and prayers. Please do not hesitate to contact me if there is anything I can do to assist you during this time of loss and grief.##imported-begin##Blanchita P. Porter##imported-end##

“ To the Walters Family, it is with deep regret and sadness that I am made aware of the passing of Dr. Helen Walters on 7/18/06. Helen was a very straight forward person who was kind and considered of others. It is unfortunate that her fullest potential was yet to come. May god continue to bless her and take her into heaven as one of his angels.

I will miss her as a friend and former student colleague.##imported-begin##R.C. Blackwell##imported-end##
