“ *My love you will be missed but never forgotten. I will always have the good memories of the good times we shared, the trips we took together, the different types of affairs we attended together. The tours I took with you, the crabs we shared every summer, the word games we played when it was just the two of us. I enjoyed the way we could enjoy each other at home by looking at movies, listening to music, dancing, and talking about everything. The day you left this earth, I missed you. I miss your visits, your calls, your kisses, your loving--just everything about you. Love always, Barbara*
