“ Emma, you cook so well and your heart is warmer than your food. You took me in and treated me like family and for this I am forever grateful and better because of it. You are probably teaching Angels how to cook. May you guide us when we arrive every step of the way and help us soar with the same amazing grace you showed us in life! After all, we are all God's angels in training and you helped show us how to spread our wings and fly..

Thank you Emma!

*Love,
Ludy*
