“ On behalf of the Woodson Banneker Jackson Bey Division 330 of the UNIA-ACL I would like to pay homage and tribute to our Queen Mother Estelle James on the first anniversary of her transition to ancestorhood. With class, dignity and grace, there was no one better to have represented the UNIA inside and out than Mrs. James. The UNIA-ACL in Washington truly misses Mrs. James as does the rest of our Great Association. Mrs. James loved us and we loved her because we were all family in the struggle for freedom, justice and independence.

Despite the unfortunate circumstances, Division 330 felt honored and fortunate to spend much of our time with Mrs. James during her last days on earth. Her spirit even through the trying times truly inspired us to move forward. Her counsel was always effective and sincere. Her stories of the days of Marcus and Amy Jacques Garvey were like priceless gems. We would like to thank the late Mr. Newkirk, Mrs. Newkirk and the rest of the Newkirk family for their hospitality in the many visits we made to Mrs. James during her stay at their house.

May the name Queen Mother Estelle James live forever for all Africans at home and abroad.##imported-begin##Brandon Green##imported-end##

“ To the Family of our Dear Queen Mother James of the UNIA-ACL of the world and friends all over the world. Queen Mother James lived a full and productive life practicing Garveyism and her love for the welfare of Africans at home and abroad. From her early days as a child in New Orleans all through out her life here with us, no matter where she traveled and lived, she was very consistent and committed to her Faith in the Most High God Almighty and the principles, goals and objectives of the UNIA-ACL. We extend our sincere condolences to the Family of Queen Mother James and thank you for sharing her with us for all the many years of her life. I met Queen Mother James in 1980 and all the 26 years I knew her, she always shared motherly love, guidance, and direction to me and so many others both in the UNIA-ACL as well as those whom came in contact with her. While she will be missed, she shall always hold a special place in our hearts, minds and souls. Queen Mother James; God Bless her soul left a gigantic legacy for us to remember and cherish. She gave so many her unselfish love and was one of the nicest persons I/we have ever known. Our Mother/Father God has called home to rest now one of the most loved angels of the UNIA-ACL/Garvey movement of the 20th and 21st century. We give thanks to the Most High God, her family and Queen Mother James for helping remind us of the works, words and deeds of Marcus Garvey. She taught us all well by demonstrating to us by example in her life and love. We love you Queen Mother Estelle James forever and will always hold you up in the light.
