Ms McCready was a great friend. I loved listening to her stories about her experiences. She lived a rich and fruitful life and the world is less without her. I'll miss her

“ Dear Ms. Esther McCready,

You were loved by so many. I meet Ester McCready in New York at Harlem Hospital Center. I meet her through a friend in the Emergency Room. My daughter, Natasha, and I loved her like she was a component of our family. We assisted her as she navigated her healthcare needs. My daughter and I loved her as a part of our family. Unfortunately, we lost contact with her during her illness; however, we had the opportunity to be with her when she received her Honorary Doctorate from University of Maryland School of Nursing. My daughter and I were so proud of her. We took pictures of her, and I would like to share one with you. I hopeful to be able to share these pictures with her family.

Ms, McCready, I know you are with the Lord now and singing in the Heavenly Choir. I know your family are Happy to see you. My daughter and I were blessed to has you as our friend. Please contact us family because we want to share pictures of her receiving her Honorary Doctorate. Our number is 443-788-0607. May God Bless and Keep you. His love encapsulate you and give you peace.

We Will Love You Always

I know you are singing in the Heavenly Choir

You will always be my Dearest of Friends

Love always,

Kathy Barnes and Natasha Henry

“Ester McCready was a woman of great worth. Her faith in God was evident in her living.

We met in 1994 singing and traveling the world with the Grace Bumbry Black Musical Heritage Ensemble. She only spoke encouraging words and words of wisdom in her soft yet commanding voice. It has been my great honor to have had the privilege to know her and share the stage with her. I will miss her storytelling and personal words of encouragement, but will never forget how she blessed my life.

McCready Family, you are in my prayers. She left you a great legacy.

In prayer,
Jean Murphy

“ I never knew Ms. McCready. I learned of her death, and more importantly, her life, from a message sent by University of Maryland School of Nursing. I was moved by the strength Ms. McCready possessed, and as a fellow nurse, and fellow U of MD alum, I thank her for her contributions to the field of nursing and the art of living well.
