“ As her veterinarian in Utah I worked on the two dogs she owned during the time that I knew her. I'll never forget how much she loved her dogs and pampered them. Her smile could brighten even the darkest of days. Even today if I ask my staff that has been here long enough to know her who the "classiest" client we even knew was they would all say "Garnett!" We never saw her without her matching gloves and hat! Although I was saddened to hear of her passing, it warms my heart to envision her with her beloved dogs her were like children to her.##imported-begin##LaMar Johnson##imported-end##

“ I had the pleasure of meeting Austin Garnett when she brought her sheltie in for boarding. She immediately made a lasting impression on my life as such a fine example of a true LADY. She had a wonderful smile and an easy going manner that made people comfortable in her presence. I am grateful to have had the chance meeting with Austin. She remains always a Lady in my mind.##imported-begin##Susan Egbert##imported-end##

“ Garnett was such a fun person to be around. Our love of dogs started our friendship and after our first meeting we were never at a loss for things to talk about.

*She was such a brave, funny, smart and beautiful woman. If you look up “Class” in the dictionary you will see a picture of her. Garnett had more class in her little pinky than I could ever hope to have in my whole being.*

*I lived vicariously through her stories about all the things she had done. I think Garnett left us with few regrets. Not something that many people can say.*

*I was so sad when she left Brigham but understood her need to be with family. There has not been a week that has not gone by where I have not thought of her.*

*Garnett and I may have been separated by age and miles but I feel like we were always connected. And always will be. I will never forget her.*
