“ I'm sorry I didn't spend more time with you Nana. This was the last thing I would've expected to happen to you. I'm sorry I would act so rude and attached to video games sometimes. I won't make the same mistake with Nana Doris. I wish you blessings in Heaven. I hope to see you one day. Goodbye.

“ I would like to send my condolences to The Parker Family. I use to go and check on on Gloria every day . She lived down the hall from me . She also had a door bell . So when i would go down there i would ring that . When she open the door . She would look at me and roll her eyes. She would say Janet said it would be you and we would bust out laughing . Well my friend as far as im concern #412 will always be your about . Rest my friend until we meet again .

“ My love and support goes out to the family of my friend Gloria. When I moved into my apartment Gloria was the first person that welcomed me to the 4th floor, we quickly became friends. She was warm, kind and welcoming. Anytime I needed her to take ride with me to pick up my grand daughter walk to the store or just hang out she would always be ready to go. With her signature red lipstick we would be off and running. I will always remember the last time I saw her and hold on to her laughter and smile. I will miss our phone calls every morning, she never complained about how she was feeling she truly made everyday she had count. Even when I was going through treatment she never let me feel sorry for myself but she encouraged me to just stay positive and that everything would be alright. I didn't get to speak with her but I would send her a text to let her know I was thinking of her. I'm sad but happy I'm sad that I won't get to see my friend any more but I happy knowing that she's out of pain and reunited with her loved ones.

I love you Glo
