“ I met JoAnn at IBM in 1985 when I started working there in Finance. I was a newlywed when I moved to Washington DC. I have fond memories of her rubbing my tummy when I became pregnant 4 years later! She's the only person I ever allowed to do that! She said she was giving me good luck, and rubbed my tummy up until I delivered Kevin. It worked, We have a wonderful, healthy and happy son. We started a dinner group back then with several other IBM friends and continued it and our friendship for forty years. We love her and her smile will surely be missed.
