“ *Wow...wish i had found this out sooner. You were not only my childhood best friend, but you were like a lil sis to me. I know sometimes when we get older...we may drift apart because of our lifestyles but I sure wish I could have seen you before this. R.I.H. LIL SIS! I Love You!*

Kymn Dais - March 04, 2022 at 12:39 AM

Every since this has happened, I am still completely shocked and in disbelief. Karen and I were almost like peas in a pod. We were more than childhood best friends. You see one...you see the other one...Frick n Frack. We did all kinds of things like taking alot of pictures, going out of town together and just hanging out with the few friends in the neighborhood. There were always bad neighborhood kids that always told lies about things that didnt happen. This really really hurt me to my heart. Once she started or way before she started receiving her accolades, I was married and we lost touch but oneday her dad was sitting on the porch (R.I.H Dais & King) with my little boy. I came to pick him and saw her and we gave each other a hug. She was always on the run and that was the last I saw and heard from her around '96??? Not sure. Just wish I could have seen her one more time. This will be my last entry. R.I.H You finally gained your wings!

“ I just found out just the other day that my longtime neighbor Karen had passed. I was/am in total shock and disbelief - just thought she was on travel. We always spoke and had brief conversations when we saw each other - she told me she travelled a lot for her job or when she was coming from a run. I am so sorry for your loss. We have been neighbors for over 20-years when I moved to this neighborhood after getting married. I will always remember her pleasant and warming smile and personality. May she rest in eternal peace and may GOD comfort her family and friends during these hours of bereavement.

“ I had the pleasure and honor of serving with Karen on the Beckner Advancement Fund Committee at All Souls Church, Unitarian. The insights she brought to our grant making were thoughtful, compassionate, and grounded. She also shared her baking talent -- best sweet potato pie ever! Before this I'd mainly known Karen via our shared Pilates practice as we had the same instructor and studio. This brilliant, justice-centered, and talented woman is greatly missed. Her light burned bright for the time she shared it with the world. To Karen's family, may love and memories gradually fill the hole left by Karen's passing.

“ *Dr. King was a champion and heroine for underrepresented minorities in STEM and for our Nation’s HBCUs and MSIs in terms of the research potential and gifted students. You did so much in 48 years and will me missed my sister!!!*

“ *My sincere condolences for your loss. Karen was truly a kind and kindred spirit. She was the first person that I met when I move to Michigan and introduced me to a lot of people. She will truly be missed, but always in our spirit.*

“ While I was serving a year-long fellowship at NSF, Karen was so kind and helpful to me. She certainly had a love for and commitment to the young people of this country. Her efforts and dedication have blessed countless lives of teachers and the students they taught.

“ I did not keep in touch with Karen, but I remember when we lived in LLC and took classes together. Karen was a genius! She was at least 1 to 2 years younger than us (her classmates) and she graduated a year before us (1991 instead of 1992). She did everything effortlessly. Outside of being brilliant, she was fun, confident, and down to earth- an unusual combination. There were lots of smart girls at Spelman at that time 1988 to 1992, but Karen King was in a class of her own! She made a great impact and will be missed.
