“ As we come up on 20 years since Karl passed, I've been thinking about him and missing him more than usual. I often wonder what he'd think of today's dance music and DJs, and music in general lol. Miss and love you brother!

“ Karl was one of the best-hearted and real people anyone could ever have the honor to know. I will miss him deeply and always remember the good times we shared.

After all, Karl is the reason I'm a club kid at heart - sneaking me in to the Fifth Column when I was 14 years old!

Take care buddy - you will always be in our hearts and souls and will never be forgotten. See you on the other side!##imported-begin##Danilo##imported-end##
