“ *My family moved next door to the Smith's over 30 years ago. I was in the 2nd grade and Katrina was in the 5th. Katrina and I were like siblings...we played...we fought...we shopped...we traveled...We went to church...Good and bad times our families were there for each other. We even started telling people that we were cousins. I will always remember her strong resilient spirit. Katrina included everybody...no one felt left out. In more recent years, I came home to find a strange car in my driveway during the Unifest activities and later discovered she brought a car full of children to the festival. Katrina had a heart of gold and her love for people will continue in the lives of those who she touched. Sleep on Katrina...We loved you...but God loved you best.##imported-begin##Charles Lucas, Jr.##imported-end##*

“ Our family is chosen for us
but friends we choose on our own
My aunt was more than family to me
She was the best friend i've ever known.
When i think of all my yesterdays
I know she loved me right from the start. When i think of all my
tomorrow's. I know i'll miss her from the depth of my heart.
Katrina was an angel on earth.
Always willing to lend a helping hand.
I know her soul is resting in heaven
and someday i'll see her again.
I love u & miss u always

“ Katrina was a very warm and engaging young lady. Her laughter
was contagious and her smile would brighten up a room. I was
shocked to hear of her passing for I had just seen her the night
before. I pray that God Blesses and Consoles family members and
friends during these difficult times...###imported-begin###Bruce A.
