“ *I met Kelvin through the KLM Boys and Girls Club, we both were coaching basketball teams at the time, but he volunteered to help out with the football and baseball teams as well. He was a very selfless man, stepped in to provide so much for those kids, and I'm not talking about just the inside the lines stuff. I know that I am better off having walked the sidelines with Coach Kelvin, but more importantly the young men who were fortunate to cross paths with him surely received his positive impact. Please know that the entire Glascoe family is in our thoughts and prayers and we are sincerely sorry for your loss. Tony Delaney*

“ Kelvin became my fraternity brother 34 years ago as he was Dean of Pledges for me & my three ships: Michael Mayberry, Bryant Carter & Ellis Swopes. Knew of him a couple of years prior & knew we were in the most capable of hands, for the treacherous journey we'd envisioned, between his service as a Marine & his majoring in Physics. As I'm sure all of his family, fraternity brothers & friends will attest to, I can't recall a time in all of those years where he didn't keep it 100. To Lise, Tristan, & Rashad, please accept my deepest condolences for your loss. Sincerely, Jeff Whitehead
