Kevin my Brother in Spirit, we met 1982 . He Played with his band on my Birthday Party. Since this time, we went on for a long musical way together. It became a real close spiritual partnership with all ups and downs . I really do miss him a lot. Here are the beginning words of our last written Song: Lyrics by Kevin Hall

Sun and Rain

Fahrer nature Star with me

Got your Spirit Deep in me

Through the Clouds you bring us rain

Show your power once again

Schall we Star or Schall we go?

Now You have us the answer!

I miss you Bro! Peace

In love Yullwin

“ I met Kevin at an audition in a rehearsal room in Nuremberg in the early 1980s and was immediately impressed by his personal presence, his precise and powerful drumming and the groove with which he was able to drive the band forward. I was still a teenager and green behind the ears. Kevin recognized my potential as a guitarist and he and the other musicians in the band gave me the chance to become a confident and creative musician. Kevin had a great sense of humor and he was like a big brother to me during this intense time. Unfortunately, our paths never crossed again after the band split up - what a pity. Dear Kevin, rest in peace. Your buddy

“ Kevin was my first friend in Munich. I will always remember the love he shared to everyone he met. He was the type of guy who did not believe in strangers...everyone who came into contact with Kevin became a friend.
I will miss the conversations we had through out our time together.
Rest In Heaven my friend
Until we meet again.

“ I met Kevin over 40 yrs ago. We were stationed in the service together and he was the drummer in our first band while living in Europa. He was like a brother for me & was a talented entertainer who will be missed by many. As sad as we are on this side of the world, I am glad your suffering has come to an end. My condolences to the family.....Rest in Peace dear friend.....,,With Love Freda
