“ My deepest prayers and condolences to the family of Kim. I had the pleasure of working with Kim for the past 3 years as her Supervisor. It's so much I can say about her. She always volunteered and went above and beyond to assist the team and families at a moments notice. Kim's laugh will surely be missed. I can recall our last conversation on Dec 16th and we joked about her taking off for her annual 2 weeks for the Christmas Holiday to spend time with her Son whom she adored and her family. I'm so glad I was able to give her her flowers while she was still here. A week prior to her passing. I thanked her for all her hard work and dedication and "riding me with until the wheels fall off" as we joked about often. She will be truly be missed!!

“ I am so saddened to learn of the loss of Kim. She was such a fun person to work with here at Children's National. Her smile would brighten your day and her energy was infectious. I enjoyed working with Kim over the years and seeing her grow in her career. Kim always loved helping people and took great pride in her work. In my last conversation with Kim, in mid-December, she shared with me that she would be more than willing to help the patients get an appointment. If the caller did not wish to hold I could just send her the caller's name and number and email their information to her and she would ensure they were called and an appointment secured. Kim frequently went above and beyond to assist families, she will be missed. I send my deepest condolences to Kim's family and pray for them to find peace in remembering the good times they had with her here on earth. Sincerely,
Marci S. (Colleague at Children's National)
