“ *We thank you from the bottom of our hearts for your loving, caring, gentle and kind spirit. I always enjoyed our small talks and appreciated the advice which you so generously gave. I will truly miss this. But most importantly, thanks for playing such an instrumental role in the growth and development of our son, Blake who is now a freshman at Hampton University. I will never forget as a baby how he loved to be cuddled in your warm arms, sometimes never wanting to leave your loving care. Even though you are now with our Heavenly Father, those who knew you on this earth, will miss our beloved "Bubby".*

“ Good afternoon. My name is Bob. I am a member of Independent Baptist Church in Clinton, Md. Our Church reaches out to 2 local nursing homes for those that cannot get out to enjoy Church services. we send men out to "Preach" to these folks the Gospel of Jesus Christ.

I am just 1 of many of these "preachers". In preparation for some of my messages I often read the Obituary column for reference and inspiration. All too often I read about folks that have lead"commemorative" lives le: lengthy military careers, teachers, public servants, etc. however, seldom do I run across any Bible verses that give indication that the deceased was a Born again christian. i thank the person that included Pro. 3: 5,6 in "Bubby's " obituary. I do hope and pray that she did indeed live by that verse. May those family members that are Saved gain strength and comfort by Bubby's testimony and may that those family members that are NOT saved get that settled very soon. Maybe someone can show them Heb 9:27 soon and just maybe show that family member the simple plan of salvation before it is too late.

My wife and I run 2 Assisted Living homes in Waldorf. many of our residents have been with us for quite some time. However, on the few occasions we have had to call 911 our hearts skip a beat. Usually that resident just needs an adjustment to their medication or a minor procedure and return to us within a few days. However, some do not return. We see 1st hand just how short and fragile life is.

My sincere condolences go out to the "Bubby" family. May her testimony be an inspiration to the family. Sincerely,  
Bob###imported-begin###Robert Wade###imported-end###
