“ *I was deeply saddend when I saw Mr. Johnson's picture in the paper. Mr. Johnson befriended me when I first started working at NIH many years ago. He would always come by and make sure they were "treating me right". I had not seen him in years, but I thought of him often. He was truly a very nice and friendly man. May he rest in peace.##imported-begin##Deborah Graham##imported-end##*

“ *I retired from NIH in 2000. I worked as the EEO Officer for the Division of Safety. At that time, Morris served on the EEO Advisory Committee. I was sadden to hear that he had passed--for I have many fond memories of him, not only as a personable, friendly individual, but one who was concerned about the rights and FEELINGS of others. We shared many conversations regarding committee work. As I recall, he was always the same regardless of how bad things got regarding discrimination--for he was always hopeful. I offer my sincere condolences on your loss, and pray for the peace of God on your family. While, we never discussed religions, I saw that in him he showed characteristics of these princples. Peace and Blessing.##imported-begin##Bernie Matthews##imported-end##*

“ *Morris was a wonderful, kind and joyous person to know. I cherish the years we worked together and his friendship. He shared such familiar stories with me of his younger days growing up on the farm in Summerville, SC. I am so glad I was able to see him at Ed Sorensen's retirement party recently. May God bless and keep him always.*##imported-begin##*Ros Burns*##imported-end##
