“ Robert or Mr. Dukes as we called him on the CSA team at Verizon Wireless was a lovely man. I learned a lot from him not just work related but life lessons as well, for we sat next to each other for 8 hours a day. I thought of him from time to time and wondered how he has been since the last time I had seen him. I am sorry the news comes as this. I think that all that were able to know him were very lucky to have had him in there life even if it was for a moment. All my thoughts and prayers are with this family and friends ~

“ Mr. Dukes-I am not sure where to start...From the first day I met you, you were like a father to me. There was a period in my life when I was really depressed and every day you would check to see how I was and make sure that I was eating. You would talk with me everyday for hours at a time just about anything and everything from how proud you were of Maurice to how you were just trying to get your stinkin basement completed : I guess that's why I was so upset when I found out that God had taken such a wonderful person from this earth. He works in such mysterious ways and I want you to know that I loved having you in my life you helped me more than you know and there are a lot of people in heaven who don't know what's coming their way. ..Robert I am really going to miss you. My prayers and sympathy go out to your family during this time of uncertainty may God bless all of you###imported-begin##Allison Abell###imported-end##
