“ *I wish to express my sincere sympathy to the entire family on the loss of your loved one Bob. Even though we know death is a must its an experience well all can never accept, and moreso, be comfortable with the grief it brings. One consolation is that God is always on our side and we can take our sorrows to him and be comforted. My love and prayers go out for you at this sad time and may God bless. “ Thomasine, Karen and All of Bob's Family,
Bob was a wonderful man who brought so much to those around him. I am grateful to have known him and to have learned from him. After spending some time with you, it became evident that you, his family, fueled his love of life. I hope that offers you some comfort. Bob, his quiet demeanor and that half-mischievous smile he had from time to time will most certainly be missed. However, Bob fought a noble battle and has earned his place of rest and peace. Bob's 'professional family' join his traditional family and friends during this difficult time.
With love and admiration,

“ Dear Ms. Hewins and Family,

I have been the president of Prince George's Hospital for only several months. But in the past few days I have learned much about Robert's wonderful personality and commitment to his co-workers and the patients in our hospital. I can assure you that he was widely respected. Over the last year, his courage has been a beacon for all of us. Our hospital family will miss him greatly. We grieve his loss with you.

Sincerely,
