“ My sincere condolences to the family. You may not know about me, but Rodney was a dear friend of mine that began at the University of Maryland. We met in the summer of 1978 after graduating from high school. We were students in summer IED program at the Univ. of MD when we found out we both came out of Prince George’s County, he attended Potomac and I attended Bladensburg. We recalled playing each other for the Division title. I would tease Rodney on how we got the best of them that day and went on to the State Championship game.

While in the summer IED program at Univ. of Md. we played on the summer league basketball team and a few of us decided to join together to birth the Mighty Gents. This first started as a continuation of our summer basketball team, then join the intramural sports competition at the Univ. of Md. A team made up by all freshman, we broke an intramural record by beating a team 106 to 8. Rodney was high scorer of that game and was selected as one of the top intramural players to play in the All Star game and he never let us forget it 😊. Two things Rodney prides himself on was his basketball skills and playing the bass. He would play his bass and place a sound speaker in his dorm window for all to hear.

I’m glad we reconnected after the time at Univ. of Md. and stayed in touch. Although, not often enough, we would get together, in person, on the phone, or through Facebook. I remain in shock of the news I did not get the information of his home going celebration until it was past. Sorry I missed giving this memory during the service. Rodney will always be remembered and will forever be a Mighty Gent!

Respectfully,
Jeff Miles
