*My deepest condolences to the family of Shirley Shelton and to all of the many friends who knew this special lady.*

*I met Shirley many years ago when we worked together at Kay Cee Pharmacy. Shirley was a pharmacy technician there, and I was a pharmacist there. I think I was suppose to be here supervisor, but many days, it seemed the other way around. She was a great worker and was dedicated to her job performance. She was not about a lot of foolishness while working.*

*When we first met, I thought to myself that this is one evil to chick. To break the ice, I asked her for her birthday. She reluctantly told me it was April 28th. I told her I have a sister with the exact same date. I thought I would get a big smile from her. Didn't happen. I asked her, "Shirley, don't you think this is special?" Her nonchalant response was a simple, "nope!"*

*Over the years, we became great friends. I loved her like a big sister. She saw my main and daughter grow up while we worked together. She loved my wife, Linda, and she had a special love for my daughter & son who also worked with her while they were in high school.*

*May God bless this special lady as she transition to be bd with her Heavenly Father and the angels above.*

*Bob Gaines and Family.*
