“ *There are no words for a loss as great as this. We would always share crazy stories about what our boys were doing and wonder how to make it through it. Now we know those were the easy things. I know your heart is breaking but please know that prayer and allowing your friends and love one to be there for you will help you to heal. All my prayers are with you and your family.*

“ *Fracine,
My heart goes out to you and your family
during this trying time. No words could
adequately express my condolences because
I can't fathom what you all are going through
so I'll simply say keep your hand in the Master of the Universe's
unchanging hand and keep looking to the hills from whence cometh
your help because our Heavenly Father will not fail you. Yes Steven,
like all of us had an appointment with GOD and like us he knew not
the time or the hour of that appointment. I'll end by saying as you
weep today and other days forward, just look within your heart and
remember those joyous moments you all shared and those teary
eyes will quickly change to an everlasting smile because he will
forever live on in your hearts.
Be Blessed

“*Francine, my heart goes out to you and your family. I was deeply hurt when I learned of the passing of your son. I have known and worked with you for a long time. We shared a lot of joy together as we mentioned our sons during those long activation-hours. Although I never met him, I knew he was a good man and will be missed by many. I will be praying that the comfort of God strengthen you and give you peace that passeth all understanding during this time and the years to come.*
