“ *David was the "backbone" and Patriarch of his immediate family. He loved and protected his family as much as he could. If he cared for you, he would do anything for you. David was the "go to" person if you had car problems, issues with electronic devices, computer, family or job issues. There was a another side to him - the humor side. I have never laughed so hard with anyone else in my life. He was so, so funny. He enjoyed making people laugh, even strangers. The smiles and laughter he provided me with will be cherished forever. I consider myself blessed to have embarked on such a fine person during my life journey. He was my best friend, and I will miss him forever.*

To the Barnes Family, he loved you dearly. I am so sorry for your loss. May God govern you with clarity, strength, and support.

“ *In my heart is where our story lives. We have shared a lot with each other for the past 19 years. You have already presented yourself to me in a dream. I still can't believe you are gone. I think about you everyday, I pray that you will feel my presence. RIH Tom Tom. Gone but not forgotten.*

“ *My father was my teacher, my mentor, my doctor, and my comedian he always had me laughing, and he really did have the answers to a lot of questions that I couldn't answer myself, because I knew my dad always did his research on questions that was asked to him before he gave an answer. I'm glad that I had the time that I had with my dad, he really meant a lot to me. The times that me and my dad had together was priceless. I'm going to miss you so much pop love you.*

“ *Diddy, the name that was taught to me by my oldest sister; LaTarsha Barnes. Although there were Daddy's all over the world, there was only one Diddy. You lived up to that name, you "Did" everything that you could possibly do, you loved us unconditionally. You "Did" the best job a Dad could do and because of that I am the person I am today. I love you Diddy, I will see you in my dreams... you're finally at peace, rest well!*
