“ *I was sad today Monday, August 20,2007 to just happen to read Thursday's metro section and open it and saw Trina. Trina had a P.O. box at the Largo/Kettering POst Office. I work there and Trina would come in a say hi Tammie and we would just have conversations all the time when she'd come. I had not seen her in awhile now. To see her today in Thursday's paper is so sad. God bless her child and the entire family###imported-begin###tammie byrd###imported-end###*

“ Trina and I met each other at WHC emergency room. We became good friends at Greater South East hospital. I knew that Trina dealt with many issues in her life that often consumed her. Trina referred to me as her "big sister" and often confided in me about some of the things that she was dealing with. We talked, prayed, and laughed together. It saddens me to know that Trina found no resolution to her problems, and had reached a point of feeling hopeless. Since I received the news I keep wondering what could I have done to keep such a tragic thing from happening.

I keep saying to myself, I wish that I knew how low Trina was feeling, I wish that Trina would have called me. I keep saying to myself what could I have done to keep Trina from feeling so overwhelmed with life. I now realize that there was nothing that I or any human being could have done to save Trina. I shared with Trina many times my belief that only her and God could break her cycle of "lows". Trina loved her daughter and we often kept each other up to date, regarding what was going on in our children's lives. I will miss my friend. To the family, may God comfort you and give you peace. Please contact me if there is anything that I can do. If Trina's daughter ever needs anything please do not hesitate to contact me.

Love,
