“ I want to thank Walter for taking me under his wing as an Advocate while working with the American Legion while working at the Board of Appeals. I can remember Walter always telling me that in order for me to be successful in this business that you must thoroughly understand the 38CFR Part 3 & 4 and the 15 anatomical body systems outlined by the VA. I also remember when filing my own claim with Walter's assistance, he helped me to navigate through the judication process and helped me achieved my disability rating that I justly deserved.

Walter you will be missed, and to his family, my deepest regards. He truly helped a lot of veterans during the course of his tenure, not only himself, but many, many others, including myself. Walter was truly a God sent!
