“ *I recently learned that my dear friend passed away. She and I met in 1973 while working at the National Science Foundation and have remained friends all these years. The last time we spoke, she said she planned to leave her position at EPA and retire for good. I will miss our times together and the "trip to Atlanta!" I will never forget you, my friend! Take your rest!*

“ We shared two very important loves in this life: tap dancing and hearing Morgan State University choir sing “Great is Thy Faithfulness.”

Wanda Foster and I met as young girls while taking tap dancing classes at Frederick Douglass Community Center on Alabama Avenue in SE Washington during the mid 1950’s. We just knew we were going to be professional dancers one day and maybe on the Jackie Gleason TV show.

Wanda Foster, our new ancestral angel:

“On the day that you were born, you cried and the world rejoiced. You lived your life in such a way that when you died, the world is crying and you are rejoicing.”

Enjoy your new eternal home with your Creator, mom, sister and others who welcomed you!

I will miss your infectious laugh

“ I am so sad to hear this news. I worked with Wanda at EPA, and she was the sweetest lady. I'm glad that I had the chance to meet her.
